

EasyEDA End-User License Agreement

Important Notice:

Please carefully read and ensure you understand this **EasyEDA Software End-User License Agreement (EULA)** before accepting its terms. EasyEDA will only allow you, as an individual user or entrepreneur ("You"), to use the EasyEDA Software (as specified below)

You can accept this Agreement by clicking the "I Agree" or "Yes" button, by loading the software, or by other means of consent, which then becomes a legally binding and enforceable contract between you and EasyEDA (if you are an individual user) or between EasyEDA and your business entity (if you are an entrepreneur).

If you do not agree to these terms, please click the "Cancel," "No," or "Close Window" button.

Terms

This Agreement pertains to the license granted to you by EasyEDA for the **software and any related user documentation**. If EasyEDA provides you with **updates and/or upgrade services** after the software installation, this Agreement will also apply to all such updates and upgrades.

Section 1: Definitions

1. **Automatic Renewal** – Refers to the service of renewing the license upon its expiration without further notice.
2. **EasyEDA** – Refers to JiaLiChuang (HongKong) Co., Limited, with an address at Unit 21, 28/F, Metropole Square, No.2 On Yiu Street, Shatin, HongKong, PRC.
3. **Computer** – Refers to any device capable of processing data using programmable computational specifications.

4. **User** – Refers to any natural person obtaining software from EasyEDA for personal or household use.
5. **Customer** – Refers to individuals and/or entrepreneurs.
6. **Documentation** – Refers to written materials, in printed or electronic format, that describe the functionality of the software and/or update and upgrade services, designed to assist you in effectively using the software, updates, and/or upgrades. Such documentation does not alter the terms of this Agreement or its related terms and conditions.
7. **Entrepreneur** – Refers to any natural person, legal entity, or partnership with legal capacity who orders or receives EasyEDA software not for personal or household use, but for commercial, independent professional, or other occupational purposes.
8. **Fees** – Refers to the price or license fees paid for EasyEDA software.
9. **Free Software** – Refers to any software provided to users free of charge.
10. **License** – Refers to the right to use the software under the terms of this Agreement and its conditions, starting from the Agreement's effective date. The license defines the characteristics and scope of software usage. For software that includes update services, the license also grants the right to receive ongoing updates/upgrades during the software license term.
11. **License Term** – Refers to the period during which the software license is valid, starting from the receipt of the software key.
12. **Multiple Use** – Refers to the simultaneous storage, retention, or any other form of concurrent use of the software on multiple computers, including any use of software that provides a special license for multiple use as specified in the product information.
13. **Reseller** – Refers to customers who obtain the software explicitly for resale purposes.
14. **Software** – Refers to the EasyEDA computer program provided in object code format, including any programs licensed and provided by EasyEDA, along with all updates and upgrades.
15. **Terms and Conditions** – Refers to EasyEDA's standard terms and commercial conditions. See <https://easyeda.com/>. These terms and conditions supplement this agreement as described below.
16. **Trial License** – Refers to a license provided to customers free of charge for a limited time to test the Software.
17. **Updates and Upgrades** – Refers to updates of the software. EasyEDA reserves the discretion to determine whether a software change is categorized as an update or an upgrade.
18. **Update Services** – Refers to ongoing software updates provided through update and/or upgrade services and such updates and upgrades as offered by EasyEDA to you. Certain software

requires update services due to its functional purpose. EasyEDA reserves the discretion to determine whether a software change is categorized as an update or an upgrade.

Section 2: Ownership

The Software is protected by international copyright laws, treaties, and other laws. EasyEDA owns and retains all rights, title, and interest in and to the software itself and all related rights, including all copyrights, patents, trade secret rights, trademarks, and other intellectual property rights. This Agreement does not transfer to you any ownership of the software or any rights associated with it. Except as provided in Sections 3 and 6 below, you do not obtain any rights to the Software.

Section 3: License Grant

EasyEDA hereby grants you a non-exclusive, non-transferable license to use the Software in accordance with any limitations contained herein or in the Terms and Conditions.

Supplementary Terms:

1. As stated, EasyEDA's standard Terms and Commercial Conditions apply to this Agreement. In the event of a conflict between this Agreement and the standard Terms and Commercial Conditions, the standard Terms and Commercial Conditions shall prevail.
2. Your license includes the right to receive and use the upgrade and update services during the license term for the Software provided by the EasyEDA with the update and upgrade services. For EasyEDA software without update or upgrade services, you may only use the version of the software for which the license term has been paid.

Section 4: Terms of Use

1. Unless explicitly permitted by this Agreement or as allowed by law, you may not copy, transfer, or decompile the software (i.e., recompile it into source code). Where permitted by law, if you wish to reverse engineer, decompile, or disassemble the Software (hereafter referred to as "decompilation") to achieve interoperability with other computer programs, you must first contact EasyEDA to request the necessary information to enable such interoperability. Otherwise, you are not authorized to decompile the Software.

2. Software that does not have a special license for multiple use is limited to use on one computer, as per the relevant product information. For this purpose, you may use any computer that meets the system requirements and is licensed for the Software. If you change computers, you must uninstall the Software from the previously licensed computer before reinstalling it on a new one. For software covered by a special license for multiple use, as specified in the product information, "multiple use" is only allowed if you have purchased and been granted the corresponding type or quantity of licenses from EasyEDA.

3. You May Not, and May Not Permit Others to:

3.1 Copy (except for a single backup copy), sublicense, rent, loan, or lease any part of the software. If you intend to use the software on another computer, you must uninstall it from your current computer before installing it on the new one. Without prior notification to EasyEDA, you may not transfer, sell, rent, or gift the Software or its services, whether as a whole or in parts, to other third-party users.

3.2 Modify the Software, in whole or in part, or create derivative works based on it. **Note:** Such actions will void any warranty commitments of EasyEDA.

3.3 Use the products, services, API interfaces (if applicable), or development tools provided by EasyEDA to engage in activities that violate the constitution, laws, regulations, departmental rules, or other normative or non-normative legal documents. EasyEDA will not be held liable for any losses caused to third parties by such activities. If these activities result in losses for EasyEDA, you are obligated to compensate EasyEDA for the damages incurred.

3.4 Remove any ownership notices, serial numbers, labels, or copy protection features from the Software.

3.5 Use the Software in high-risk environments requiring fault-free and continuous operation, where software failures could directly threaten life, health, or safety, or cause significant damage to property or the environment (high-risk and high-availability activities, including but not limited to operating nuclear facilities, weapons systems, flight navigation or communication systems, life-support systems, and equipment, machinery, or processes for pharmaceutical and food production). EasyEDA makes no guarantees or warranties regarding the suitability of the Software for use in such environments.

4. EasyEDA reserves the right to take action to prohibit or stop any unauthorized use of the Software, including but not limited to claims for injunction relief and damages. Unauthorized use may lead to criminal prosecution under applicable law.

Section 5: Your Responsibilities

You are responsible for setting up the functional hardware and software environment for the use of the Software. This also applies to regular data backups within your EasyEDA system.

Section 6: Trial and Free Software Licenses

If EasyEDA provides a trial or free software license, it will be provided "as is" with no guarantees. EasyEDA does not provide product support for these licenses.

Section 7: Auto-Renewal

If you have registered for the automatic renewal service for the license, the license term will be automatically renewed at the prevailing pricing unless terminated by either party at least 30 days before the current license term ends. The new license term will have the same duration as the previous one.

Section 8: Termination or Expiration of the License

The termination or expiration of the granted license means that your right to use the software and its updates and upgrade services is immediately terminated. At that point, you will no longer receive further update services and must delete the Software and all backup copies from your computer. EasyEDA may require you to provide written confirmation of the destruction or deletion of the materials mentioned in these terms.

Section 9: Technical Support

Technical support services provided by EasyEDA are detailed at <https://easyeda.com/>. The provision of such support is at the sole discretion of EasyEDA and does not carry any form of commitment or guarantee. Before receiving any technical support from EasyEDA, you are responsible for backing up all your existing data, software, and programs. EasyEDA reserves the right to refuse, suspend, or terminate any technical support at its discretion.

Section 10: Limited Warranty and Disclaimer

1. Limited Warranty: EasyEDA guarantees that any software version that has been paid for will substantially operate according to the user documentation within 30 days from the purchase date, and that the media containing the Software provided to you (if applicable, such as CDs, USB drives, etc.) will be free from material and manufacturing defects.

2. Exclusive Customer Remedies: For any breach of the above limited warranty, your exclusive remedy (at EasyEDA's discretion) will be: (i) a refund of the amount you paid, or (ii) replacement of the defective media containing the Software. You must return any defective media to EasyEDA or to the reseller that provided the media, at your own cost, and with a copy of the receipt. If the defect results from accident or misuse or other causes outside the scope of the warranty, this limited warranty will be void.

3. Disclaimer: Except for the limited warranty described above, all Software is provided "as is," and EasyEDA makes no guarantees regarding its use or performance. EasyEDA disclaims all other warranties, either express or implied, including but not limited to any implied warranties of merchantability or fitness for a particular purpose. EasyEDA also disclaims any and all warranties regarding non-infringement of third-party rights, merchantability, satisfactory quality, or the ability of the Software to integrate with other products. You are responsible for selecting the Software to achieve your desired results, and for installing, using, and obtaining results from the Software. Without limiting the above, EasyEDA does not guarantee protection from all potential threats, error-free operation, uninterrupted operation, or whether the Software will meet your specific requirements.

Section 11: Limitation of Liability

Under no circumstances shall EasyEDA be liable to you or any other party for loss of profits, loss of goodwill, or any indirect, special, incidental, or consequential damages, or for damages caused by negligence of any kind, including but not limited to losses caused by downtime, data loss, computer errors, or malfunctions, or any other damages or losses. EasyEDA will assist in processing refunds for the overpayment of license fees.

The provisions of Sections 10 and 11 shall apply equally to any authorized resellers and will be enforced to the maximum extent permitted by applicable law.

Section 12: Privacy

By entering into this Agreement, you agree that the valid EasyEDA Privacy Policy at any relevant time also applies to you. Please refer to <https://easyeda.com/page/privacy>.

Section 13: Collection of Certain System Information

EasyEDA retrieves information about your computer system through its website and certain applications and tools used within the Software to assist with software support and usage statistics. EasyEDA limits its data collection to sending error logs and operational statistics to its secure data center. EasyEDA does not automatically send any personal data, such as PDF, DOC, XLS files, or other personal data such as images and videos.

Section 14: Governing Law and Jurisdiction

This Agreement shall be governed by and construed in accordance with the terms of the laws of PRC without giving effect to its rules on conflicts of law. The exclusive venue for any dispute relating to this Agreement shall be Shenzhen Court of International Arbitration(SCIA) in Shenzhen.

Section 15: Miscellaneous

This End User License Agreement (EULA) and the standard terms and conditions incorporated herein outline all your rights for using the Software and constitute the entire agreement between the parties. This agreement and the standard terms and conditions supersede any other communication, representation, or advertising related to the subject of this Agreement, "the Software."

1. No provision of this Agreement shall be considered waived unless accompanied by a signed waiver statement from an authorized representative of EasyEDA.
2. If any provision of this EULA or the associated standard terms and conditions is deemed invalid, the remaining provisions shall continue to be fully effective. To the extent possible, an invalid provision shall be interpreted to make it valid.
3. EasyEDA reserves all rights not expressly stated in this Agreement.
4. For convenience, descriptive headings have been inserted into this agreement; however, they shall not limit or affect the structure or interpretation of this agreement.
5. You may not transfer your rights under this Agreement without the express written permission of EasyEDA.

Important Information about Ordering, Pricing, and Offers

1. **Contract Type:** Monthly or annual subscription contracts, effective from the date of transaction completion. For sales terms, please refer to the official website (<https://easyeda.com>) or contact our customer representative.
2. **Setup:** To start using the protection/service, you must download, install, and/or complete the setup on each device.
3. **Free Trial:** To register for a free trial, please contact our customer representative. See <https://easyeda.com>. At the end of the trial, the product may stop working, and technical support services will also cease.

4. **Renewal Cycle:** If you subscribe to the automatic renewal service, the system will automatically renew on a monthly/annual basis after the initial term, unless you cancel before the billing date. To cancel renewal, please update your settings in your account or contact us. See <https://easyeda.com>.
5. **Renewal Price:** Renewal prices may be higher than the initial price and may change at any time. For annual subscriptions, the renewal charge will occur within 35 days before the renewal date, and we will notify you by email in advance with the specific renewal price. For monthly subscriptions, the renewal charge will occur within 5 days before the renewal date.
6. **Cancellation and Refund:** You can cancel the Agreement and request a full refund within 14 days from the purchase date (for both annual and monthly subscriptions). For annual renewals or paid subscriptions after the free trial, you can request a full refund within 14 days after the charge. For more details, please refer to our cancellation and refund policy. See <https://easyeda.com/page/pricing>.
7. **Updates:** Your subscription may include rights to product, service, and/or protection updates, as well as various features that may be added, removed, or modified, provided you accept this Agreement.
8. **Usage:** If you encounter any issues while using the service, please contact us. See <https://easyeda.com/page/contact>.
